Reflection & Discussion

1. Consider the Apostle Peter:
 - a. What makes him 'relatable'?
 - b. What are a few *key Christian principles* he teaches that you would consider most challenging? Most inspiring?

2. The theme of 2nd Peter centers around *growing in knowledge, in order to be protected from false teachers and their doctrines.*
 - a. Where else in the Bible do we find this exhortation?
 - b. Consider/have an open discussion about the need to know God's Word *well*, the dangers of being ignorant, etc.
